## Why Voice Products?

Where else can you:

Call and talk directly with a live person?

Immediately talk to a technician?

Get a loaner microphone, digital portable or even a loaner system, should yours not be able to be repaired in a timely fashion?

Call and talk directly with the president of the company?

Have access to more technicians (17) with 24/7 availability than all the competitors put together in the Midwest?

Integrate to all hospital systems (PAC's, HIS, RIS and Coding Systems)

Have all products Evergreen - last one you'll ever buy!

Have the #1 product in North America

That's why facilities have chosen Voice Products for their mission critical dictation, text, speech and coding needs for over 20 years.
