

Product Pricing Sheet

This pricing sheet outlines the exclusive discounts available to customers through our contract with the Texas Department of Information Resources (DIR). Please note that because our solutions are frequently customized and bundled into comprehensive package pricing to better meet specific agency needs, we do not list the individual Manufacturer's Suggested Retail Price (MSRP) for every specific item.

Instead, this document clearly identifies the percentage discount off MSRP applied to each product category or service.

DIR-CPO-5060
Voice Products, Inc.
