WHEN IT COMES TO THE TRUTH, EVIDENCE IS EVERYTHING

As a prosecutors, digital evidence is at the center of what you do every day. But as evidence volume and complexity grows, managing it the same old way is bogging you down. It's creating inefficiencies and backlogs, and getting in the way of delivering timely justice. **NICE Justice** digitally transforms how your prosecutors and staff interact with and manage digital evidence so you can get to the truth faster.

WHAT IS NICE JUSTICE?

NICE Justice is a Microsoft Azure Gov cloud-based solution that breaks down information silos and brings all needed information right to the prosecutor.

Securely Collect Evidence from Law Enforcement Agencies

Evidence gathering no longer a culprit in delayed case resolution

- Bring digital evidence from disjointed agencies into a central repository
- Effectively request additional evidence from police and citizens
- Auto-convert media into standard format for universal access

Seamlessly Integrate with Your Case Management System

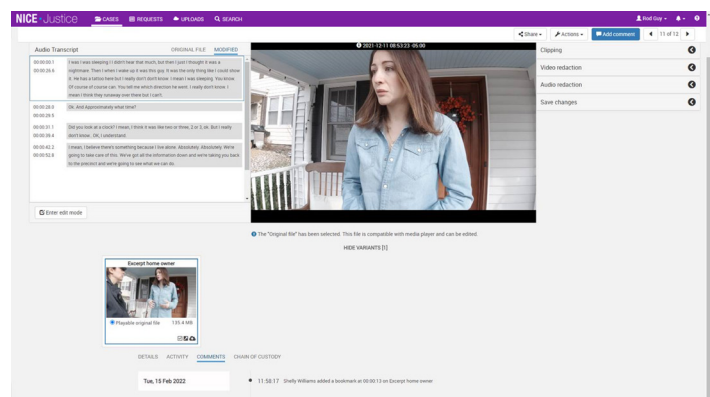

Prosecutors become more effective in pursuit of justice

- Rapidly search and connect all types of evidence, visualize context on maps and timelines
- Uncover hidden insights with powerful correlation engine
- Improve transparency

Securely Share Evidence for Discovery

Prosecutor office operations gain greater efficiency

- Share hundreds of different evidence items with a few clicks
- The burden of making physical copies of digital evidence is removed
- Comprehensive chain of custody is tracked automatically

NICE Justice automatically transcribes video and 911 call audio

PROVEN OPERATIONAL IMPROVEMENTS

Streamlined evidence management workflows yield operational improvements and guarantee evidence integrity

- Rapid, single logon access to all evidence, and cross-case search and analytics improves operational efficiency
- Electronically collect case evidence, improve access control and case management
- Eliminate time-wasting moving of physical files from removable media into case folders
- Automates and streamlines audio/video redaction, and evidence sharing; automatically converts videos to make them playable

Cloud-based solution improves operational agility and accessibility of information

- Hosted on Microsoft Azure Government Cloud, **NICE Justice** makes all types of evidence readily accessible
- NICE's SaaS (Software as a Service) solution limits the up-front hardware and resource costs associated with premise-based storage alternatives

Certified CJIS compliant platform eliminates security concerns

- NICE and Microsoft Azure Government meet the security requirements for federal, state and local governments as defined by FBI's CJIS policy
- ISO/IEC 27001:2013 certification, antivirus and malware protection

BENEFITS OF DIGITAL TRANSFORMATION
